## Core Competencies

AccessibleTech provides accessibility compliance specialty IT services. Established in 2008, AccessibleTech is able to remove the accessibility barriers and provide access to IT systems for people with disabilities and deliver:

- ◆ Compliance with section 508 (ICT) and/or WCAG 2.0/2.1 guidelines desktop and mobile.
  - ◆ In depth analysis of the accessibility status and needs

Analyze your software to determine if it meets the applicable accessibility standards; then pinpoint the potential areas that need to be addressed to meet or exceed federal or state accessibility regulations.

- ◆ Mitigation of the system to provide maximum accessibility

Utilize a combination of automated and manual review that addresses all levels of complexity; then mitigate the problem areas to provide access to all information in the system by removing the accessibility barriers.

- Real world practical solutions
- Removal of accessibility barriers without compromising the system's design
- Correction of non-compliant code violations
- ◆ VPAT (Voluntary Product Accessibility Template) – documentation that indicates accessibility compliance with law – Rehabilitation Act, Section 508.
- ◆ Accessibility Policy – Establish an accessibility approach for your organization and inform all interested parties that accessibility is important and is taken seriously.

---

## Differentiators

- ◆ IAAP and DHS Trusted Tester Certified.
- ◆ In depth expertise in accessibility with high standards of operation and deliverables.
- ◆ High specialty on human factors and user experience.
- ◆ Hand code line by line and thoroughly test every single file in the system. No automated quick fixes.

---

## Past Performance

- ◆ Navy Federal (NFCU)
- ◆ HHS, subcontractor to DMI - Grants.gov program,
- ◆ USCIS, subcontractor to Cyberbahn,
- ◆ FCPS, subcontractor to InsysTech, Fairfax County Public Schools IT Systems,
- ◆ Subcontractor to Integration Technologies Group (ITG), contributor to proprietary software application for:
  - Library of Congress,
  - US Courts,
  - HUD,
  - US Army,
  - USDA, Forests Service,
  - SSA
- ◆ DNB Public Sector, Identity Verification Tool, subcontractor to Acxiom,
- ◆ US Air Guard, web application subcontractor to Roundarch.

---

## AccessibleTech Advantages

- ◆ Flexibility in meeting requirements
- ◆ Various platform & tech expertise
- ◆ Immediate staff augmentation
- ◆ Multiple project/contract coverage
- ◆ Seamless quality & implementation

---

## Industry Information

- ◆ DUNS #: 828403225
- ◆ Socio-economic: HUB Zone, Small Business
- ◆ NAICS Codes: 541511, 541512, 541519, 561410
- ◆ SIC #: 7371 Computer Programming Services
- ◆ CAGE #: 57L03
